FOR IMMEDIATE RELEASE: November 9th, 2011

THE HANGAR | Arts Initiative is proud to announce its inaugural exhibition,

“NYC vs MIA”

Opening Reception
November 12th, 2011
7-10pm

Intended to instigate the rivalry between contemporary art scenes, this group show of east coast artists will coalesce under one roof. With the gallery spliced in two, viewers will discern which city wins the race for visual reception. Will the New York powerhouse speak its anticipated volumes or will Miami's burgeoning cultural scene steal the show? You decide.

THE HANGAR | Arts Initiative - Hosting group exhibitions, events & workshops for artists of all disciplines. Dedicated to the collective movement of creative exhibition, we seek to break down the gallery walls and open the lines of communication between artist, patron & community.
